

Additional Launch Features & Premium Differentiators

These features sit above the core scheduling engine and are designed to create differentiation from spreadsheets and generic scheduling tools.

1. Schedule Explanation Engine™

Premium Add-On

Purpose:

Provide transparent explanations for scheduling decisions.

Users can click any duty assignment and view:

Example:

Why was Tom assigned?

- Most Due To Serve • Fairness Debt +2 • Last duty 12 days ago • Weekend burden below average • Rotation continuity preserved

Benefits:

- Crew transparency
- Defensible scheduling
- Reduced complaints
- Captain confidence

Commercial Model:

Premium add-on.

2. Fairness Simulator™

Purpose:

Allow users to preview fairness impacts before publishing.

Example:

What happens if Tom takes leave?

Output:

Current Fairness Score: 94%

Projected Fairness Score: 89%

Most affected crew:

• Luke • Harry

Weekend Fairness Impact:

-5%

Benefits:

- Better scheduling decisions
 - Leave planning
 - Operational forecasting
-

3. Schedule Health Dashboard™

Purpose:

Provide instant overview of schedule quality.

Display:

• Watch Balance • Weekend Fairness • Rotation Continuity • Status

Example:

Watch Balance: 94%

Weekend Fairness: 89%

Continuity: Intact

Status: Ready to Publish

Benefits:

- Quick validation
 - Easier approval process
-

4. Fairness Timeline™

Purpose:

Visualise fairness over time.

Display:

- Duties
- Weekends
- Leave
- Charter periods

Timeframes:

• Monthly • Seasonal • Annual

Benefits:

- Easy fairness audits
 - Historical visibility
-

5. Leave Coverage Tracker™

Purpose:

Track who covered for absent crew.

Example:

Tom Leave

Coverage:

Luke +2 duties

Harry +1 duty

Feeds:

• Fairness Debt • Historical Fairness

Benefits:

- Transparent burden sharing
-

6. Public Holiday Fairness™

Purpose:

Track premium-duty burden.

Includes:

- Christmas
- Boxing Day
- New Year
- Easter
- Public Holidays

Benefits:

- Real fairness measurement
 - Long-term balance
-

7. Department-Specific Rules™

Purpose:

Allow different scheduling rules per department.

Example:

Deck:

No consecutive duties

Interior:

Consecutive weekends allowed

Engineering:

Custom rotation pattern

Benefits:

- Better Triple Watch support
-

8. Schedule Version History™

Purpose:

Store every published schedule.

Version 1

Version 2

Version 3

Track:

- Changes
- Publication dates
- Approval history

Benefits:

- Audit trail
 - Dispute resolution
-

9. WhatsApp Export™

Purpose:

Generate schedule format optimised for crew WhatsApp groups.

Example:

Mon - Tom

Tue - Luke

Wed - Harry

Benefits:

- Faster crew communication
 - High real-world adoption
-

10. Personal Crew View™

Purpose:

Allow crew to see only their duties.

Display:
